

## Statement of Purpose Draft

Draft 1:

**I am studying** the (re) conversion of inland, (natural) urban blue spaces into swimmable environments

**because I want to find out** what impact blue spaces can have on a city's social and environmental sustainability

**in order to help my reader understand** the potential that water can have in their city.

Draft 2:

**I am studying** the (re) conversion of inland, (natural) urban blue spaces into swimmable environments

**because I want to find out** how usable blue spaces can improve environmental justice in the city

**in order to help my urban planners understand** the importance of incorporating blue spaces in urban planning and development.
